

Berlin Announces Fall of Bucharest

AUDITORIUM IS MADE QUARTERS FOR CONVENTION

Big Attendance Forecast Farmers to Abandon Union Hall Ware-house for Larger Quarters

TWO HUNDRED FIFTY OPEN FIRST DAY MEETING

Bismarck to All Probability Will Be Chosen for Convention City for 1917

Confronted by an attendance which, when President R. J. J. Montgomery of Tappan, called the meeting to order, packed the main and second floors at the hall, members of the Farmers' Educational Union of America, abandoned their convention quarters in Farmers' union hall shortly after 10:30 o'clock this morning and moved in a body to the Bismarck auditorium.

More than 200 delegates are in attendance at the first convention of the union which was perfected in Bismarck on March 31, last, with R. J. J. Montgomery of Tappan, as president; J. W. Knepper of Goodrich, vice president; D. E. Shipley, formerly of Dickinson but now of Bismarck, as secretary.

All the executive officers are present with the members of the board of directors, composed of William E. Green of Bismarck; A. H. Anderson, of Bellevue; E. Youngberg, of Woodworth; Frank Meiring, of Melville; and Otto Wendt, of Jordon.

Called for Larger Quarters. H. B. Curtis of McClusky, N. D., sounded the first call for larger quarters to house the convention. President Montgomery placed the proposition before the members. Before the matter was definitely settled there was a movement toward the Bismarck auditorium. There the members of the union today are sowing their crop for "wise leadership," which is the keynote of the gathering. It was not known this afternoon how long it would take the convention to harvest its first business matters. Matters may be threshed out today and probably not until tomorrow. Most of the members do not expect more than a two-day session.

Committee Appointments. The committee appointments which was scheduled to come up this morning will not be announced until late today. A tentative list was made up this morning but was not announced until late today. A tentative list was made up this morning but was not announced until late today.

Consensus of most of the delegates seemed to be that Montgomery will be re-elected president as there has developed no opposition. Bismarck, because of its central location, is favored as the convention city for 1917 or for the second annual meeting. Wives of many of the members are also in attendance.

Big delegations from Wilton, Wing and other points arrived this afternoon by automobile.

Evans a Speaker Today. W. B. Evans of Bismarck, ex-organizer of the Farmers' Educational Union of America, was a speaker late this morning. He stated that he felt proud to be a member of the august body of farmers who meet today in the interests of the man who tills the soil.

"Organization is the keynote of the Farmers' Educational union or in fact every other union. With a wise leadership we can go on to victory. No body of people rises above its leaders. We should be careful to elect wise and faithful leaders," he said.

The credentials committee, consisting of Arthur Johnson of Tappan; E. N. Kennedy of Woodworth; and C. F. Linsley of Regan the first committee to be appointed went at its work shortly before the noon hour and is expected to have its report completed in order to present it before the meeting this afternoon.

Matters relating to the good of the union as to whether the name was fitting to be called national when it was more of a state organization, were discussed up to the hour of adjournment at noon.

High Cost of Living. The high cost of living is subject for an airing before the convention, according to statements made by the executive members. Resolutions condemning the constant soaring of prices will doubtless be adopted and forwarded.

(Continued on Page Three.)

Navy Heads Open Bids

Washington, Dec. 6. Bids were opened at the navy department today for the construction of four battle cruisers, the first vessels of this class to be built for the United States navy. They will cost \$25,000,000 apiece.

The legal maximum which the bidders must meet is \$16,500,000, exclusive of armor and guns. They will have a speed of 35 knots, a length of between 225 and 260 feet, a little under 200,000 horsepower, 33,000 tons displacement, electric propelling machinery and a main battery of 15-inch guns.

New Head of Oil King's Foundation

DR. GEORGE E. VINCENT

Dr. George E. Vincent, president of the Minnesota university, will in May resign that position to become president of the Rockefeller Foundation, a position now held by John D. Rockefeller, Jr. Last year the foundation spent, largely for war relief, \$3,643,377. Dr. Vincent is 52 years of age. He was born at Pockhill, Ill.

HANNA UNITS PLAN TO HOLD CERTIFICATES

Governor Knows Nothing of Scheme to Offer Action Until Court Meets

JUSTICES NOT ANXIOUS TO GET AUTHORITY EARLY

Governor Hanna this morning denied knowledge of rumors current at the capitol yesterday to the effect that the chief executive would withhold his signature from the certificates of election for the justices elect until the provisional supreme court, which meets tomorrow, could have time to rule upon the question of the date upon which terms of new justices shall begin.

"I know absolutely nothing about such a plan," said Governor Hanna this morning.

"In view of the fact that the certificate of election as printed and always issued heretofore provide that the justices-elect shall serve from the first Monday in December, would you consider your signature to these certificates as a quasi-official recognition of the claims of the present justices-elect, and an apparent decision upon your part in a matter now before the supreme court?"

"I have given that matter no thought," said the governor.

May Not Get 'Em Today. Every effort, apparently, is being made by the contending forces at the capitol to delay the issuing of certificates of election until after the provisional supreme court has had its say tomorrow afternoon. Yesterday afternoon Secretary of State Tom Hall was besieged on both sides. In reply to every urge he had but one answer: "We're going to be mighty busy tomorrow. I cannot say whether we will get to the issuing of certificates or not."

No Exception to Be Made. The secretary of state's office always has issued all certificates of election in a batch. When the canvassing board met this morning it still had the figures on the congressional contests to check over and all of the canvassing as to legislative contests, the non-partisan school ballot, and the four special issues was yet to be done.

When all of the work of the canvassing board is completed, the board will certify to the secretary of state the results which it has found. Then, and not till then, will the secretary of state be authorized to issue certificates of election to the successful candidates.

Several Must Sign. The certificates of election must appear over the signatures of the governor, the secretary of state and another member of the canvassing board.

Will Throw Work Out. Friends of the justices elect claim that if they are denied their seats now, they will when they take office January 1, throw out everything done by the supreme court in the interim.

Justice elect Robinson, commenting on the contention that the seating of the justices-elect at this time will involve the rearguing of all cases now argued and on the calendar, assumes that inasmuch as the arguments in these actions have been heard by the two holdover members of the court, it would be an exceptional instance in which the court would find re-argument necessary.

Provisional Court Completed. R. D. Hoskins, clerk of the supreme court, yesterday announced the completion of the provisional court panel of five as follows: Charles A. (Continued on Page Three.)

RAISE FUNDS TO BUY BERTON FIDUS' HOME

Farmer of Northwest in Few Minutes Subscribes Over \$1,000 of \$3,000 Asked

GOVERNOR OF ILLINOIS GIVES NO AGRES

St. Paul Auditorium Packed With Members of American Society of Equity

St. Paul, Dec. 6. Mr. and Mrs. G. W. Orange of Jamestown, en route to California to spend the winter, visited the convention this morning and announced that Fargo contributed 200 acres for the Equity plant. There was a real old reunion Tuesday afternoon, when Robert Kee of Sanborn, N. D., finished a rousing little speech and met G. W. Orange of Jamestown, N. D., on the stage. Kee is 75 years old and Orange a few years younger. Former Democratic Congressman Kelly of Pierre, S. D., said Wilson owes his election to the women's vote and should support women's suffrage.

St. Paul, Dec. 6. Responding spontaneously to an appeal for relief, the farmers in session here today raised \$1,027 in a few minutes to lift a mortgage of \$3,300 with accrued interest on the home of the widow and children of George S. Loftus, the late leader of the Equity forces in the northwest.

Benjamin Drake, Minneapolis, attorney for Equity, explained the widow's plight. Undoubtedly the entire amount to free the home from encumbrance will be raised soon. A fund raised in Fargo sometime ago gave Mr. Loftus \$1,400.

Service Keynote

Service was the keynote at Bridge's address, "The Equity Movement." He spoke chiefly of the Seattle port commission, which is a municipal body elected by the voters, operating large warehouses where the farmers may consign their grain. He said, through this, \$100,000 have been saved to the farmers during the last five years.

How Equity Spreads

Representative Magnus Johnson of Minnesota told the convention how the Equity movement is spreading to Minnesota and will soon envelope this state. (Johnson said men in St. Paul posing as Equity members are really attempting to destroy the farmers' cause.)

Reference to government ownership of railways as a remedy for the high cost of living was applauded.

To Oppose Embargo

Doubtless resolutions opposing the proposed food embargo will be formulated and forwarded before the adjournment of the Equity convention tomorrow.

Clean Sweep Planned

Plans to carry the Non-Partisan league to South Dakota, Montana and Iowa were explained by E. A. Bowman of Fargo. He said it was the object of the league to sweep things before them as they had done in North Dakota at the recent election.

Every seat and nearly all standing room utilized when Governor-elect Frazier of North Dakota spoke at the municipal auditorium Tuesday afternoon. Frazier urged the farmers to continue combining until the Minneapolis chamber of commerce and the so-called packing combine were put out of business.

Robert Kee, 75-year-old, farmer of Sanborn, N. D., spoke next.

Draw Pictures

There was a short informal talk by J. M. Baer, cartoonist of Fargo Non-Partisan Leader. He drew pictures of the leaders prominent in Equity circles and those who took part in the recent political upheaval in North Dakota.

L. D. Hall of the federal department of agriculture made a brief talk.

Dr. L. S. Platon, former mayor of Valley City, N. D., sent the following message: "I regret that sickness in my family prevents me from attending your great convention. Please convey my best wishes to the thousands of Equity farmers with the hope that their efforts will meet with still greater success. The solution of the problem is cooperation."

R. O. Richards of Huron, S. D., whose primary-law-demanding that candidates meet in debates before the primaries was defeated, explained his ideas of what an ideal direct primary should be.

Dedication of a \$200,000 Equity exchange elevator a monument to open unspeculative marketing of grain was the principal feature of the session (Continued on Page Three)

MINNESOTA MAN CALLS CONGRESS FOR PEACE MEET

Washington, Dec. 6. Representative Lindberg of Minnesota today introduced a resolution demanding an immediate conference of the senate and house foreign relations committees with the president to formulate plans for peace negotiations.

England To Refuse U. S. Credit Coal

Washington, Dec. 6. Fresh trouble between the United States and England impends because of the British decision to allow only English ships and warships favoring the cause of the Allies to coal at British coaling stations.

American vessels likely will be held up indefinitely at various places waiting England's pleasure about furnishing supplies.

International law experts doubted if the United States will be able to accomplish much excepting to put themselves on record against such a precedent. Everything is being done to effect a modification of the rule, for it means a serious restriction of American trade to the Philippines and South America.

AGUE-EQUITY SPLIT ON PLAN MAY BE AVERIED

Indications That Sales of Packing House Stock Will Be Held Up

LOVE FEAST AT FARGO

Fargo, N. D., Dec. 6. There will be no split between the Non-partisan league and the Equity over their conflicting packing plant propositions, if President Patrick M. Casey of the Equity Co-operative Packing Plant Co., and President A. C. Townley of the Non-partisan league, can prevent.

Casey stopped in Fargo this week enroute to St. Paul for the big Equity meeting. While here he saw Townley.

"We can't afford to fight," said Townley.

"We must co-operate," said Casey. "We want a state-owned packing plant; we're bound to have it," said Townley.

"Well, perhaps we can arbitrate," said Casey.

So in the near future there will be a conference which may result in the Equity's co-operative plant becoming a state-owned plant, in which event some \$200,000 which has been paid for shares will be refunded the purchasers. In the meantime, no more Equity Co-operative Packing Plant stock will be offered for sale.

President Townley says: "We want to suggest that the people of the state await the outcome of this conference before they buy any more stock in the proposed Equity plant. Mr. Casey agrees in this."

STARKWEATHER CASE AN JOURN-AL

For the reason that the main witness for the defense, Mrs. W. C. Starkweather, is ill in the hospital and that it is believed by Judge Hanley that to take testimony before a jury at the hospital, as was recommended by the attorney for the defendant, would influence the jury to be partial to the defendant from the point of view of sympathy, the Starkweather murder trial has been postponed for 14 days. This will give Mrs. Starkweather time to recover sufficiently to appear in the district court to testify in behalf of her husband.

BURGARS CHLOROFORM

Lima, O., Dec. 6. Nine persons, members of the family of E. A. Wilson, 40 years old, a barber, were found unconscious this morning. Burglars during the night chloroformed the victims, escaping with \$27.

NEWSPAPER WOMAN, MURDER CONVICT GOES TO PRISON

Thompson Falls Mont., Dec. 6. Miss Edith Colby, the newspaper woman charged with the shooting of A. C. Thomas, a prominent politician, was convicted today of second degree murder and sentenced to two to ten years in the penitentiary.

BORAH WOULD RETURN GUARD TO THE STATES

Washington, Dec. 6. Senator Borah today introduced a bill to abolish the present federal force of the national guard and to return them to state forces as they were before the Hay-Chamberlain bill passed.

LOYD GEORGE TO HEAD NEW WAR MINISTRY

Refusal of Bonar Law to Form Cabinet Means Welshman's Selection

London, Dec. 6. It is authoritatively stated that Lloyd George will be called upon to form a new cabinet and that he will accept.

Asquith's downfall was due to public opinion not political intrigue. Lloyd George's attitude simply is an expression of the popular feeling toward the present ministry and the inaptitude of the Asquith coalition regime.

Appointment and acceptance by Lloyd George of an offer to form the new ministry is expected momentarily. King George, has summoned Lloyd George to the palace. After a conference with Bonar Law, who refused to accept the post, the king sent word to the former war minister.

Lloyd George visited Bonar Law after Law had seen the king. The fall of the Asquith ministry had little effect upon the Stock Exchange or business. The tone was distinctly better than it has been of late.

War loans are changing hands frequently. They were high at \$8 1/2. The premier's decision to resign and advise the king to summon Andrew Bonar Law to form a cabinet was taken after a day of extraordinary political excitement and activity. There were constant doings and goings of the political leaders between Downing street and the various government departments. Mr. Asquith met several Unionist leaders in consultation, including Earl Curzon, Lord Robert Cecil and the Earl of Derby.

M'Daniel Is Found Not Guilty

St. Joseph, Mo., Dec. 6. Oscar D. McDaniels, prosecuting attorney of Buchanan county, was acquitted by a jury in the criminal court here tonight of the charge of having murdered Mrs. Harriet Moss McDaniels, his wife. The verdict ended one of the most sensational trials ever held in western Missouri.

COAL NORTHWEST TO RE-OPENED BY PATTERSON

Proprietor of McKenzie Now En Route to Chicago to Purchase Furniture

HISTORIC HOSTELRY WILL BE READY FOR ASSEMBLY

The Old Northwest hotel, for six years past used as the North Dakota Industrial Exposition building, is to be reopened as a hotel about the first of the year by E. G. Patterson, formerly lessee of the Northwest, and proprietor of the hotels McKenzie, Soo and Grand Palace.

Authoritative announcement to this effect was made at the Hotel McKenzie today. Mr. and Mrs. Patterson are now on their way to Chicago to purchase furniture for the hotel, which will be conducted as a medium-priced, European hotel.

The Northwest is Bismarck's most historical guest-house. As the Sheridan, it first occupied the site where the Northern Pacific passenger station now stands. The passenger depot then occupied one corner of the hotel. When the site was required for a new station, the hotel was moved to its present site, and the walls were enclosed with brick. The Northwest has not been used as a hotel since the completion of the McKenzie.

The building and site are the property of the Northern Pacific railroad company, from whom Mr. Patterson is understood to have procured a long lease.

MAMMIE CASE TO JURY--VERDICT MAY BE REACHED TONIGHT

Judge Coffey Outlined Delicate and Complicated Situations to Jury and Its Duty.

(Special to The Tribune). Jamestown, N. D., Dec. 6. The fate of Albert Mamema, charged with the murder of his neighbor, Andrew Sonnek, on the morning of September 12, 1916, while the two were threshing grain on the defendant's farm northwest of Eldridge, is now in the hands of the jury.

The case was concluded during the forenoon session today and Judge Coffey delivered his charge to the jurors outlining the delicate and complicated situations it must consider in rendering a verdict.

Attorney Thorpe delivered the rebuttal for the state at the opening of court this morning.

Late yesterday afternoon attorneys for the defense stated they rested their case. State's Attorney Russell D. Chase immediately delivering the opening address to the jury. He was followed by Attorney Carr for the defense.

Attorney Freerks made a final plea for the defendant just before court adjourned last evening.

INSTRUCTIONS AIM INSTRUCTION OF ROMANIA'S ARMY

Invasion of Russian Soil Next Objective and Push to Black Sea

SP-RATE ASSISTANCE POSTPONES OCCUPATION

Everywhere Mackensen's and Falkenhayn's Armies Are Advancing Toward Capital

BUCHAREST FALLS

Berlin, Dec. 6. It is officially announced that Bucharest and Ploesti have been conquered.

With German army at Pitesti, Dec. 6, Bucharest's fate is only a matter of a few days. Only the desperate Rumanian resistance can delay the capital's occupation, Germany's goal apparently is not Bucharest alone. Instead, the object is to destroy the Rumanian army, preparatory to an invasion of Russia through the fertile Bessarabia and Odessa as the main objective.

Pierce Rumanian Front. Continued German attacks are being made on Bucharest from the north in the direction of Tergoviste in the Polish region and around Pokanshch. Reports state that they have been successful. These assaults have pierced the Rumanian front and the Rumanians have been forced to retreat.

Capture Booty. Berlin reports further capture of war material and prisoners in Rumania. Mackensen is victoriously fighting his way to the railway from Bucharest to Ploesti and Campina.

The Russians have occupied the heights west of Jablonitz in the wooded Carpathians, but were forced to release it under violent artillery fire.

Artillery duels which become temporarily stronger is the only activity in the Soudme sector.

An official statement from Paris says that the Serbians conquered some strong positions north of Cruniza and the Bulgarian defenders yesterday were retreating northward.

Battles for the possession of approaches to Tzschibutic and Tschibutic and the Tira Dofiana valley in Transylvania are continuing.

11 SQUAD GAINS ON FORTY CENT MENUS

Chicago, Dec. 6. Chicago's dieting dozen have proved that, even with the present prices of foodstuffs, it is possible to live well on 40 cents a day. Dr. John Dill Robertson, city health commissioner, asserted today, the final day of the health department's two weeks' test.

The total weight of the 12 this morning was 1,866 pounds, as compared to 1,825 at the beginning of the experiment. Dr. A. J. Stokes, the heavyweight and the only member who has not gained, showed a weight of 223 pounds, as against 223 1/2 two weeks ago. Henry Gehring, who began the test weighing 161 1/2 pounds, showed an increase of 5 1/2 pounds.

At the final meal tonight one of the most elaborate dinners of the experiment was to be served. The menu included Turkish soup, roast loin of pork with cranberry sauce, sweet potatoes, scalloped onions, rice pudding, tea, bread and butter.

VILLA MAKING CAMP TO SPLIT TOGETHER WITH MAN

El Paso, Texas, Dec. 6. A code message received today indicates that Villa, with 5,000 bandit troops, is making his headquarters at San Andreas, west of Chihuahua City.

United States authorities expect that Villa will divide the loot taken at Chihuahua City and then scatter his men into the brush to await his call for the next movement.

Harry Lauder Rays Estate

London, Dec. 6. Harry Lauder, who has amassed a fortune, mostly by amusing the American public, and who never willingly lets any of it go, let loose of a goodly sum today when he bought the famous estate of Glen Barter and the lands of Ballinmore, comprising more than 14,000 acres. Glen Barter belonged to David McBrayne, the ship owner of Glasgow.

The mansion on Lauder's new estate stands about four miles from the pier at Strachur. Water, hills and pasture land are included within the boundaries of the estate. Lauder also will be able to paddle around in about four miles of Loch Eyk, which falls into his possession with the land.

NEWSPAPER WOMAN, MURDER CONVICT GOES TO PRISON

Thompson Falls Mont., Dec. 6. Miss Edith Colby, the newspaper woman charged with the shooting of A. C. Thomas, a prominent politician, was convicted today of second degree murder and sentenced to two to ten years in the penitentiary.

ARE TIME IN WHICH TO SECURE WITNESSES

By consent of the defendants who desire to secure witnesses from Mandan, a continuance was taken by police court this morning in the case of the state against Wesley Gaddy, 25 years old, and John Callahan, 22.

Both men were arrested in Mandan the first of this week. It is alleged that they took the Ford machine owned by E. A. Dawson, a grocer, from in front of the Bismarck theater one evening last week, abandoned it on the crossing near the Missouri bridge, and which resulted in the car being demolished when hit by a freight.

They were remanded to the custody of the sheriff until the date of the

hearing, which was set for Friday, December 8.

JUDGE BURKE TO REMAIN CAPITAL CITY RESIDENT

The many friends of Judge E. T. Burke, who retires January 1 from the supreme bench, will be glad to learn that he intends to remain a Capital City resident. Judge Burke announced today that upon the completion of his supreme court duties he will take up the general practice of law in Bismarck, establishing his offices in the Tribune building, at the corner of Fourth and Broadway. The judge is a man still in the prime of life, and friends predict for him success.

DIES IN HOSPITAL

Mrs. Barbara Will, aged 50, wife of Casper Will of Linton died in one of the local hospitals this morning, at 6 o'clock. The body will be taken tomorrow morning to Linton, where funeral services will be held and interment made.

COMMISSIONERS IN SESSION. The county commissioners convened yesterday and will be in session through Thursday. The allowing of bills has been the only matter considered up to this time.

EDUCATORS TO MEET. The state board of education will meet at the capitol December 12, in a statutory session, the last of the present year.

CRAIG IN THE CITY. Dan R. Craig, traveling representative of the Western Newspaper Union of Fargo, is spending several days in the city, attending to business matters.

MANDAN FIRE LAUNCHES FIGHT

The Mandan fire department held its annual meeting last evening. After considerable discussion as to new candidates it was decided to re-elect the officers for the ensuing year. They are Chief, Jack Boyle; assistant chief, L. E. Beckroth, treasurer, Anton Grunfelder; secretary, Iver Larson, and janitor, Joe Schlosser. Following the meeting a light banquet was served and a smoker held. A. J. Sylvester of the Sylvester land company left this morning for a hurried business mission to New Leipzig.

HANNA INTERVENES IN KITTEL'S BEHALF

Governor L. B. Hanna has written President Wilson urging clemency in behalf of W. F. Kittel, defaulting officer of the Casselton First National bank, convicted at the recent term of federal court in Fargo. Friends of Kittel are also active in his interests, contending that loyalty to his brother is alone responsible for his present predicament.

BAG GUILD'S LETTERS IN SALE OF NEWSPAPER

Fargo, N. D., Dec. 6. Courier-News letter files passed into the possession of the Non-partisan league when the sale was made by Marsh & Fentress to the Non-partisan Publishing company.

Now the writers of the letters to Dr. T. T. Guild, in which they advised him how to "fight the Non-partisan league" campaign, in which he was engaged quite actively during the past

year, are wondering if the league has their letters.

Street gossip in Fargo says they have, but Non-partisan leaguers won't admit it.

EMPEY'S FATE WITH JURY

Johille Empey is on trial for rape. The case was taken up yesterday morning before Judge J. M. Hanley. The complaint is made by Angelina Kary, 16-year-old daughter of Mr. and Mrs. Philip Kary of Odeessa. On Sep-

ANSWER THE ALARM!

Bismarck People Should Not Delay. If your kidneys are inflamed, don't stand around and do nothing. Like a fire, it will soon be beyond control.

You will get the alarm in time. Backache, or dizziness or disorders of the urine.

Heed the warning. Give your kidneys a rest by living more carefully.

Use Doan's Kidney Pills to help stop out the cause.

Prove it by a Bismarck man's experience.

D. Hill, 515 Broadway, Bismarck, says: "My experience with Doan's Kidney Pills has been so satisfactory that I recommend them to anyone suffering from kidney and bladder disease. I suffered from a stitch in my back whenever I lifted anything. My kidneys were weak and I had to get up often at night to pass the kidney secretions. Doan's Kidney Pills quickly cured me."

Price 50c. at all dealers. Don't simply as for a kidney remedy get Doan's Kidney Pills the same that cured Mr. Hill. Foster-McBarn Co., Props., Buffalo, N. Y.

tember 15, 1916, Empey is alleged to have abducted the Kary girl. The jury was picked early yesterday and the testimony of the witnesses has been taken. The witnesses were: Mrs. Philip Kary, Angelina Kary, Philip Kary, W. D. Dopkins, John Hendon and H. L. Henke. The arguments were made before the jury this morning. The case is now in the hands of the jury.

GOOD BILL AT AUDITORIUM

Manager Vesperman's Bookings For Last Two Weeks Have Been Winners "Experience," Monday.

An all-around pleasing bill of comedy, mixed with high-class acrobatic work and barrel jumping almost a one-ering circus was the offering for vaudeville night at the Auditorium, last evening. It was one of the best houses of the season which has turned out for the weekly vaudeville attractions. The last two weeks' offerings have been exceptionally strong and winners.

"Experience" plays a one-night engagement at the theatre Monday evening. Reservations may be made now at Finney's drug store.

SNOW PREDICTED TONIGHT

Drop in Temperature Tonight and Tomorrow Can Be Expected, Says Official Forecast.

A disturbance which is central over western South Dakota and Wyoming is causing unsettled weather with snow over the northern Rocky Mountain region, reads the forecast from the government observatory today.

This disturbance is followed by high pressure with lower temperature, and its movement eastward will result in snow and colder tonight, and partly cloudy and colder Thursday, with strong east, shifting to northwesterly winds.

HANNA DENIES PLAN TO HOLD CONVENTION
(Continued from page one)
Pollock, Fargo, judge of the Third district; W. L. Nussle, Bismarck, of the Sixth; K. E. Leighton of Minot, of the Eighth; W. C. Crawford, of Dickinson, of the Ninth, and James M. Hanley, of Mandan, of the Twelfth.

RETURNS AFTER VISIT.
Mr. and Mrs. Andrew Taylor, who have been the guests of their daughter, Miss Rose Taylor of Thirteenth street, have returned home.

CO-OPERATIVE MARKET.
A charter has been granted by the secretary of state to the Farmers' Co-operative market of Minot. The incorporators are M. J. Coddington, L. L. Kram and A. C. Roan, all of Minot; the authorized capital is \$30,000, and the purpose of the institution is to establish an open market for farmers in the Magic City.

Monogram Buckles and Belts

We have an exceptionally good line of Monogram Buckles and Belts in Gold and Sterling Silver, \$3.50 to \$5.00.

We have some (real) leather belts to go with the buckles.

Something new and very attractive in engraving the buckles that will make them a very appreciated Christmas gift.

UP TO WASHINGTON

It's Westerners' Content Football Game Will Be Played Next Season With Duluth.

Seattle, Wash., Dec. 6. Arrangements are in progress for a football game between the University of Washington and Dartmouth college next fall at the Polo Grounds in New York. The game will be scheduled soon if the University of Washington consents, and the faculty is expected to announce its decision today. If present plans to play the game on November 17 go through it will necessitate changing the date of the Washington-California game, which is scheduled for that date.

AUDITORIUM IS MAJOR QUARTERS FOR CONVENTION

(Continued from page one)

warded to the representatives and the senators of congress from North Dakota.

Hon. Sam Hampton of Montana was slated to address the gathering this afternoon; also an address by Hon. E. M. Rhodes of Tennessee.

That the farmer should be a factor in assisting in combatting the high cost of living by drawing a line between the producer and the consumer and getting his produce on the market and have it dealt with in a fair and accurate way, was the substance of the address of Luther E. Birdzell of the supreme court, at the afternoon session of the Farmers' Educational Union of America.

"I hope," said the speaker, "that the farmers of this state, through their organizations, will soon arrive at a point in history and accomplishment where they will get justice, fairness and share in an equitable distribution of wealth, where the producer will get his full share on an accurate scale of measurement." Luther E. Birdzell lauded the organization and stated that it showed that the farmers of the state are "marching on." The problem which concerns the farmer, he said, is how to effect greater economies than that the present system offers and for an elimination of waste.

A variety of entertainments by the Auditorium orchestra, motion pictures, songs by the Bismarck Male Quartet and addresses prefaced the opening of the business session this afternoon. While the orchestra was playing "It's the Birth of a Nation Called the U. S. A." President Montgomery entered and introduced the speaker.

Legislation up before the open meeting this afternoon consisted of proposals for increasing the dues of the members from \$2.40 a year to \$3, and for the election of a director at each annual meeting. A revision of

the constitution of the organization was also suggested.

ARMY OFFICIALS IN MEET. CITY FOR CHICAGO MURDER

Minneapolis, Minn., Dec. 6. Thomas Innes, wanted in Chicago on a charge of murdering Louis (Lichtenstein), in an attempted jewelry robbery, was arrested at the home of his brother-in-law, William Crane, here this afternoon.

HEARING ON RACKNAIL. CHARGES POSTPONED

Washington, Dec. 6. Hearing on Blackwell charges against Dr. Graves, alleged master spy, was postponed until March 10, on account of the government's inability to present the testimony of Prince Hatzfeldt, counselor of the German embassy, and Dr. Friedrich Wilhelm Edler, private secretary to Ambassador Count von Bernstorff.

WANT PENNANT BACK.

Washington, Dec. 6. Miss Hazel Hunkins, Billings, Mont., and Mrs. Bessie Papandre, San Francisco, two Congressional Union hecklers, who waved the banner during President Wilson's address, went to the capitol today and demanded the return of the captured flag.

R. F. H., operator at the Soo Line offices, was called to his home at Dustin, Okla., last week, on account of the serious illness of his sister.

K. P. ATTENTION!
Election of officers tonight; all members urged to be present. Refreshments.

COMMITTEE.

WOMEN SPENT \$50,000 AN HOUR BALANCE

Washington, Dec. 6. State files show that the National Woman's party expended slightly over \$50,000 during the recent campaign. Contributions totaled slightly more than \$50,000, and the ladies still have a balance of \$1,000 in the treasury.

CONTINUE BUILDING WORK IN VICINITY OF HEBRON

(Special to the Tribune.)
Hebron, N. D., Dec. 6. The mild weather of the past few weeks has assisted building operations in this vicinity. Five or six houses are still being constructed and work is progressing rapidly, in spite of the short winter days.

RAISE FUN TO LIFT

(Continued from page one)

sions of the third annual Equity exchange convention, in St. Paul today. The Non-Partisan Farmers' league, an outgrowth of the Equity movement, is the organization that recently swept North Dakota in two elections.

Robert Bridges, Seattle, Wash., leader in the territorial elevator movement, and one of the originators of co-operative marketing enterprises, gave the principal address this afternoon, and dedicated the structure.

Promptly at 3 o'clock this afternoon several thousand farmers met at the St. Paul municipal auditorium, to march to the high bridge over the Mississippi river. There, 200 feet in

the air, the thousands of farmers looked down upon the dedicatory scenes below, while wintry winds blew through their whiskers.

Several speakers at the dedicatory services spoke highly of George S. Loftus, deceased head of the Equity exchange through whose efforts the dedication today was made possible. Loftus left his bed in a Minneapolis hospital one year ago to attend the breaking of ground for this elevator.

Ground for the elevator was broken at the annual Equity convention one year ago.

The elevator, as constructed, is the last word in modern grain storage and cleaning facilities. Its capacity is 500,000 bushels of grain and its cost, exclusive of the land of the site, is \$200,000. It is of reinforced concrete construction, fire proof and equipped with the most modern elevating machinery.

There are 18 round concrete tanks for cleaning the wheat, oats, barley and flax. A total of 68 bins is in the elevator. Payment for the elevator was made entirely by popular subscription by farmers. Construction was begun last April. The Toltz Engineering company designed the elevator, and superintended its construction. The Grant Smith company and the Witherspoon-Engel company jointly constructed the elevator.

JOIN OUR CHRISTMAS BANKING CLUB

and

YOU CAN START NOW

YOU CAN START WITH

1c 2c 5c 10c 50c \$1.00 \$5.00

FOR MORE

PLAN OF THE CLUB

The Plan Is Simple: You begin with a certain amount, 1c, 2c, 5c, or 10c, and increase your deposit the same amount each week. Or, you can begin with a certain amount, 50c, \$1.00, \$5.00, or any amount, and deposit same each week.

HOW TO JOIN

Look at the different Clubs in table below and select the one you wish to join, the 1c, 2c, 5c, 10c 50c, \$1.00, \$5.00, or any of the clubs; then come to our Bank with the first weekly payment. We will make you a member of the Club and give you a Christmas Banking Club Book showing the Club you have joined.

EVERYBODY CAN JOIN...Men and Women, Boys and Girls, Little Children, the Baby.

You can take out memberships for your family and your friends.

An employer can take out memberships for his employees.

WHAT THE DIFFERENT CLUBS WILL PAY YOU

We will Welcome everyone.

1c Club	2c Club	5c Club	10c Club	50c Club	\$1.00 Club	\$5.00 Club	X Club
PAYMENTS	PAYMENTS	PAYMENTS	PAYMENTS	PAYMENTS	PAYMENTS	PAYMENTS	
1st Week 1c	1st Week 2c	1st Week 5c	1st Week 10c	1st Week 50c	1st Week \$1.00	1st Week \$5.00	
2nd Week 2c	2nd Week 4c	2nd Week 10c	2nd Week 20c	2nd Week 50c	2nd Week \$1.00	2nd Week \$5.00	
3rd Week 3c	3rd Week 6c	3rd Week 15c	3rd Week 30c	3rd Week 50c	3rd Week \$1.00	3rd Week \$5.00	
Increase Every Week by 1c. Total in 50 Weeks \$12.75	Increase Every Week by 2c. Total in 50 Weeks \$25.50	Increase Every Week by 5c. Total in 50 Weeks \$63.75	Increase Every Week by 10c. Total in 50 Weeks \$250.00	\$2, \$3, \$4, \$10 or any amount

YOU CAN BEGIN WITH THE LARGEST PAYMENT FIRST AND INCREASE YOUR PAYMENTS EACH WEEK.

THE REASONS FOR THE CLUB

To provide a way for those of moderate and even small means to bank their money.

To teach "the saving habit" to those who have never learned it.

It makes your pennies, nickels and dimes, often foolishly spent grow into dollars; dollars grow into a fortune. Start your fortune today.

To give you a Bank connection and show you how our Bank can be of service to you.

FOR OLD AND YOUNG

The sensible thing for all parents to do is to join our Christmas Banking Club and also put every member of their family into it. This will teach them the value of money and how to bank and HAVE MONEY. Maybe this little start you give them now may some day set them up in business or buy them a home.

How often have you wished that your parents had taught you early the value of banking your money. You would be well off today. Don't make the same mistake with YOUR children.

Forecast.
For North Dakota: Snow and cold or tonight; Thursday partly cloudy and colder; strong east, shifting to northwest winds.

FINANCES GOOD.
The incoming administration will find North Dakota finances in better condition than they have been in a decade. This is due, no doubt, to the fact that for the last four years we have had at the head of our state government a successful financier and capable business man.

The house is turned over in good order to its new tenants. The latter will endeavor to keep it so and to improve upon the former management, and in their efforts they will have all possible encouragement. But it seems that the next administration is to find very little cause for criticism of its predecessor.

For the first time in years North Dakota will be able to meet every current expense up to the close of the year. In past years, payment frequently has been suspended as early as August in the second year of the biennium. Furthermore, North Dakota's bonded indebtedness during the present administration has been reduced from \$300,000 to about \$450,000, and the state has been saved more than \$125,000 in interest on anticipated payments, while almost half a million dollars has been set at work in the development of North Dakota, as loans to our farmers and to our school districts.

North Dakota assuredly has had a "business administration," and the Tribune feels that the good people of our state generally appreciate that fact and are ready to give credit where it is due.

Today the bootlegger amendment becomes effective. Watch your step.

SETTLE THE POINT.
However regrettable the present assault upon the dignity of the North Dakota supreme court may be, it will at least have the effect of clearing up a point which has puzzled every incoming justice since the first retirement of a member of this high tribunal. The constitution says one thing; the general code another, and precedent has established still a third practice. Yet no incoming justice in recent years has cared to trifle with the constitution, and each has taken pains to qualify the first Monday in December, insofar as was possible, although until this year the state canvassing board has not met until the middle of December, and no justices except the three named at the first state election in 1889 have taken their seats until the first of January.

Anything which tends to lower the supreme court in the esteem of the people is deplorable. The supreme court is a body which, above all others, must command the respect of our citizens. The laws governing this body in every detail, even down to the minor consideration of whether a six years' term shall begin a month earlier or a month later should be so clearly defined that there can be no question as to their construction. And, perhaps, out of the present incident will come some benefit in the definition once and for all of a point which always has been in doubt.

Bismarck needs more homes. There'll be no difficulty in finding folk to fill them.

A FOOD EMBARGO.
The attempt to reduce or, at least, stop the increase in food prices in this country by agitating for an embargo on foodstuffs, sounds like a very simple solution of the tremendous problem. The trouble about it is that an embargo would be a two edged sword and playing with two edged swords is a hazardous business.

If there were an actual food shortage in this country just barely enough food or less than enough for the population, self-preservation, the first law of nations as well as individuals, would justify an embargo.

But that is not the situation. We produce more food than we consume. The nations at war and some of the neutrals produce less than they consume.

They come to this country with

their money to purchase what they need.

Their needs, because of the war, are much greater than in normal times and the price they are willing to pay goes a long way toward establishing the price that the domestic consumer must pay.

It is annoying, but to the extent that the foreign demand affects the price we must accept the annoyance with the best grace we can.

The alternative would be an unequal act against the nations which are able and willing to buy foodstuffs here.

Two years ago we told the world that it was not only our right, but our duty to sell munitions of war to any nation that could buy them.

It is equally our right and our duty to sell foodstuffs, and to refuse to do so simply because it increases the cost to our own people would not only be unethical, but unspeakably greedy and immoral.

Certainly if we expect to buy and sell with the other nations after the war we must buy and sell with them now.

But there is also another side to it: the effect of an embargo on our own prosperity. We have tried this embargo business once before in our history: In December, 1897, Congress forbade exports until France and Great Britain settled their war. The next year American exports dropped from \$108,000,000 to \$22,000,000, revenue fell from \$16,000,000 to a few thousands, 55,000 sailors were thrown out of work, losing \$20,000,000 pay; ship earnings of \$12,500,000 were wiped out, workmen on land lost \$36,000,000 through unemployment, thousands of business houses failed, the jails throughout the country were full of men imprisoned for theft, whole rows of stores closed in northern cities, cotton growers in the south were sustained by the state, grass grew in New York streets, and discontent spread so rapidly that New England states passed nullification laws and talked of open secession.

After fourteen months of this a scared Congress repealed the embargo act.

It would be fine if we could eat our cake and have it, too if we could enjoy all of the wonderful prosperity that is ours and save all the money.

But that can't be. Prosperity and high prices go together always have and probably always will.

So you see, there's a whole lot more to this question of trying to regulate food prices than merely putting on an embargo.

We are strongly in favor of doing everything possible to keep prices down by breaking up food corners and prosecuting to the limit those responsible for them. But there is no relation whatever between these things and an embargo.

Uneasy rests the head that wears a political job these days.

Incidentally, Brother Villa has a little Red Trail of his own.

Anyway, as old Ed Howe remarks, skirts can't go much higher. And stockings are coming down.

Tisn't every state that has its choice of supreme courts. Most of 'em are restricted to one at a time.

Paving in December is very un-Dakota like from the Crissey standpoint, but accepted quite as a matter of fact by home-folk.

"Telling it to Tumulty" has become the principal pastime of a number of prominent North Dakota Democrats who recently saved their country.

Brother Lorimer, editor of the esteemed Saturday Evening Post, is hearing from "The Hired Man His Kick," if we may judge from an apologetic editorial found in the last issue.

Bismarck produce houses are enjoying the greatest prosperity in their history and, judging from the prices paid the producer for butter, fat, poultry and eggs, they believe in passing prosperity around.

Insurance legislation is one of the certainties of the Fifteenth Legislative assembly, all insurance journals the country over are anxious to learn just what an administration of farmers, by farmers and for farmers, will do to them, or for them.

Governor-elect Frazier has disappointed some of his critics by addressing to the commercial clubs a request for their candid views on necessary legislation. The commercial clubs are freely responding, and North Dakota's next governor is getting a good idea of the state's needs from the city's standpoint.

ACCEPTS POSITION HERE.
Mrs. Dan J. McDonald has accepted a position as deputy clerk of court, Charles Fisher, during the December term of court, which will begin December 13.

CLOSES LARGE LAND DEALS.
Charles Staley, immigration agent of the Soo Line, reports selling four and one-quarter sections of land in Burleigh county. The land lies north and south along the Soo tracks.

Capitol News

BIG EQUITY CONCERN TO BUILD ELEVATORS AND MILLS IN STATE

BUNNING BARRISTERS TO HAVE HEARING AT FARGO BEFORE BOARD

Organization Incorporates for Number of Applications Filed
\$250,000 C. J. Lee on Directorate

Another big Equity concern has been incorporated to operate in North Dakota in connection with the purchase, control and manufacture of food supplies. This is the Equity Cooperative Milling association of North Dakota, capitalized for \$250,000, and authorized to buy and sell grain, erect elevators and flour mills and do a general elevator and milling business. The incorporators are E. A. Jorgensen of Fairmount and C. J. Lee, A. M. Baker and Hans J. Peterson, all of Fargo. The Equity already has incorporated its million-dollar packing plant, and is said to have disposed of more than a quarter-million in stock to date.

BOARD OF REGENTS TO MEET AT CAPITAL TO GO OVER ITEMS ASKED
Final O. K. to Appropriations of Relative's Demise Just Be Given

The last and most important meeting of the board of regents for the current year will be held at the capitol December 13 to 16, when final approval will be given the appropriations asked by the various state institutions under the board's supervision. All of the heads of state educational institutions will attend these sessions. Among those present will be President Mayvey of the university, President Ladd of the Agricultural college, President McFarlan of the Valley City Normal school, President Hoyer of the Mayville Normal school, President Crane of the Minot Normal school, President Black of the Ellendale Normal Industrial school, President Smith of the Wahpeton school of science, President Smith of Bottineau and Mrs. M. C. Budlong, secretary of the North Dakota public library commission. A full attendance of the board members, President Ladd, F. Crawford of Sentinel Butte, Frank White of Valley City, Dr. J. D. Taylor of Grand Forks, Emil Scott of Bowman and J. A. Power of Leonard.

Ask Large Sum.
All of the institutions have reported important requirements in the form of new buildings and repairs for the ensuing two years. The university asks \$114,500 for general construction; the agricultural college, \$135,000; the Normal Industrial school at Ellendale, \$55,000; the school of Forestry, \$72,000; Minot Normal school, \$97,700; the Valley City Normal school, \$185,000; the Mayville Normal school, \$75,000; and the Dickinson Normal school, \$185,000, a total of \$999,900.

It will be the painful duty of the board of regents to pass these items down to a level which may be expected to meet favorable consideration from the appropriations committee of the Fifteenth legislative assembly, and it is anticipated that the heads of some institutions possibly all will return home less joyfully than they came.

EDUCATIONAL SURVEY MAY BE READY DURING MONTH
Mr. Craighead Writes from Washington of a Brand New Batch of Promises

At last there is some real, definite news on the report of the North Dakota educational survey, upon which the government printers down at Washington have been hammering away at breakneck speed since the first of last July.

The report positively (probably) will be ready for distribution on or about December 10. The announcement, coming from Washington, via Dr. W. L. Craighead, state commissioner of education, need not cause any immediate excitement, as the government printing office and Dr. P. P. Claxton, United States commissioner of education, have made similar predictions that the report would be ready, first October 1; second, October 20; third, November 1; fourth, some time about the middle of November, and finally and fitfully, "on or about December 10."

Craighead Has Been Working. There is this much absolute, definite information: Commissioner Craighead has put in the past two weeks in Washington going over the proofs with Dr. Philander P. Claxton, the federal commissioner, and Dr. W. T. Bawden, industrial expert of the United States bureau of education. The final proof should be read by tomorrow night, and within the next ten days or two weeks, or thereabout, the report should be ready for distribution.

The board of regents has furnished the government printing office with an extensive mailing list, including all legislators, educators, newspapers and others who have been interested in the work. The United States bureau of education supplies the board with 1,000 copies free of charge, and the regents have purchased 9,000 copies in addition. All will go out under a government frank, saving considerable in postage. A copy will be mailed to any citizen who wants it badly enough to ask the state board of regents for it.

VARIOUS BOARDS IN SESSION TODAY AND FOR REST OF WEEK

This is a week of board meetings at the capitol. Tuesday the state board of canvassers convened at 2 o'clock for a two days' session in the office of the secretary of state.

In the auditor's office the state budget board is in session, and it may continue its deliberations for several days, or may take another adjournment to await final estimates. At 2 o'clock, the state railroad commission opened a two-days, statutory session Tuesday morning.

At the state prison the pardon board resumed its sessions today. Next week are slated meetings of the state railroad commission, at its offices in the capitol; the state board of regents and the state board of health.

SOUTH DAKOTA MEN IN AUTONOMY RUSH
Prominent Aberdeen business men form a majority in the Fargo Motor Sales Co., incorporate this week for \$50,000. The incorporators are: Geo. S. Spaulding of Minneapolis, Putnam T. Spaulding of Aberdeen, Edward F. Spaulding of Aberdeen, and Walter Harrison of Fargo.

LEWIS IN THE CITY.
R. S. Lewis of Fargo, chairman of the state board of control, is in the city attending a formal meeting of the board.

HOME FROM MINNEAPOLIS.
Governor L. B. Hanna returned at noon Tuesday from Minneapolis, where he attended a session of the regional reserve banking board, of which he is a member.

LOOKING OVER ROPES.
Charles L. Schick of Lark, one of the newly elected representatives from his district, was at the capitol today getting acquainted with matters legislative and administrative.

MOVING TO MINOT.
Deputy Attorney General Francis J. Murphy left Tuesday morning for Minot, whither he is moving his household, and where he will reside henceforth, representing the firm of Linde & Murphy in the Magic City.

NEW STATE BANK.
The secretary of state's office yesterday issued a charter to the Farmers' State bank of Powers Lake, with \$20,000 capital. Otto Moody, P. M. Olson and Stanley Christanson are the incorporators.

RANGELY CHURCH.
Articles of incorporation were filed in the secretary of state's office yesterday by the Rangely Norwegian Evangelical Lutheran church of Rangely, Balfour postoffice. The incorporators are: Nels B. Kjos, Nels Husby and Lever Austinson, prominent Norwegian residents of McHenry county.

CRAIGHEAD STARTS AGAIN.
The reading of final proofs on the report of the North Dakota educational survey, which has been in the hands of the government printers at Washington since last July, has continued more than anticipated, and Dr. E. B. Craighead, commissioner of education, who expected to leave the national capital for Bismarck on Sunday, writes Secretary Brewer of the board of regents that he will be unable to leave until today.

ORPHEUM
E. K. Lincoln, who plays the leading male role, and is co-starred with Frances Nelson and June Elvidge in "The Almighty Dollar," the World Film Brady-Made picture, which will be shown on the screen at the Orpheum theater tonight, has graduated from the stage, where he appeared as leading man in stock and road companies. Mr. Lincoln, though modest, is one of the wealthiest of the young actors, and, besides owning several fine horses, automobiles and a large farm also owns several hundred prize dogs, his foreign dogs especially being highly prized by ladies the country over. At Newport, R. I., August 21, Mr. Lincoln brought home a large silver cup, which he won three years in succession at Newport for the best English toy spaniel. He is a handsome, clean-cut young fellow and a splendid actor, who is seen at his best in the hero of "The Almighty Dollar."

DON'T TIP OFF SOURCE OF TITTLE NIP 'TILL YOU IN 'EM TODAY
Should you know the whereabouts of a bottle and should you tell a friend about it, and should someone learn that you told your friend, and should that someone be intent upon the observance of the prohibition laws to the letter, you might after today get in very, very bad.

For the recently adopted bootlegger amendment became effective Tuesday and the bootlegger amendment less pretty far-reaching and demon rum. Under this amendment before one makes a good fellow of himself by tipping off the source of a little nip, it would be well to require of the tippee the grand-hailing sign and the sign of distress and certain other little assurances that he isn't a squealer.

It is anticipated that the bootlegger amendment will make the enforcement of the prohibition law much less difficult for local officers the state over.

ATTENDING BIG SHOW.
The cattle and horses must look after themselves this week, while Dr. W. F. Crewe, secretary of the Live stock sanitary board, is attending the International Live Stock exposition at Chicago.

WHEAT AT STUNK ON OPENING

Chicago, Dec. 6. Wheat advanced sharply at the opening today, due to liberal buying, stimulated by reports of increased export shipments. Selling brought a decline later and December was unchanged from today's opening at 168. May down 1/4 at 178 1/2; July up 1/4 at 148 1/2. Corn showed good strength on general buying. December was up 1/4 at 91 1/2; May up 1/4 at 93 1/2; July up 1/4 at 93 1/2. Oats were higher on rush to buy. December was up 1/4 at 53 1/2; May up 1/4 at 57 1/2; July up 1/4 at 54 1/2. Provisions were higher.

CASEY IN COURT AGAINST TUCK

Charles Tuck, a Chinaman, must relinquish his lease on the building which he occupies, known as the Atlantic cafe, or take an appeal from a decision against him yesterday to the supreme court.

The case was that of Pat Casey who brought suit to have the lease held by Tuck canceled on the ground that he conducted a disreputable place of business.

A jury tried the case, reporting a verdict at 5:15 o'clock in favor of the plaintiff.

SOCIETY

Cards Out for Large Reception Saturday

Cards were issued yesterday by Mrs. W. L. Smith, Mrs. R. P. Flint and Mrs. J. L. Whitney for a reception for Saturday afternoon in the home of Mrs. Smith in Sixth street. The hours will be from 3 o'clock to 6:00, and the affair will be one of the large society events of the week.

Beatty Marks Ill.
Little Beatty Marks, daughter of Mr. and Mrs. Bradley C. Marks of Fourth street, is quite ill.

To Conclude Visit Here.
Miss Iona Eolton of Jamestown, who has been spending several days with her sister, Dr. M. E. Eolton of Main street, will return to her home this evening.

To Wed Fargo Girl.
Myron C. Hunt of the Gamble-Robinson company left yesterday morning on No. 4 for Fargo, where Friday his marriage to Miss Dorothy Kennedy, daughter of Mrs. Sarah E. Kennedy will take place.

Gives Theatre Party.
Miss Dora Larson of Sixth street entertained members of the G. T. club at a theatre party last evening, at the Auditorium, and following the show, at White's, the club, which is composed of twelve members, met at the

Grand Pacific hotel with Miss Tatley before going to the Auditorium.

Returns From East.
Mrs. C. L. Young of Avenue B has returned from Alexandria, Minn., where she was called by the death of her mother, Mrs. C. A. Christie. Mr. and Mrs. Young have as their guest, Mrs. C. K. Avery of Chicago.

Returns After Visit.
Edward Falkenstein, who has been the guests of his aunts, Mrs. J. P. French of Rosser street and Mrs. H. F. O'Hare of Avenue C, has returned to Fargo, to resume his studies in the state Agricultural college.

Is Visiting Here.
Miss Ray Leverich of Jamestown, but formerly of this city, is being entertained for a few days by Mrs. John A. Graham of Sixth street. At the conclusion of her visit here Miss Leverich will leave for St. Paul to spend the winter.

Leaves For Eastern Visit.
Mrs. Harry Woodmansee and son, Master Joe, of Fifth street, left this morning on No. 4 for Fargo, where they will visit a short time. Later they will go to Morris, Minn., where they will be guests of Mrs. Woodmansee's mother, Mrs. Galvin.

Goes to Grand Forks.
Mrs. L. H. Bloom of Wagon, Minn., who has been the guest of Mrs. L. W. Maynard of Avenue A for the last two weeks, left yesterday on No. 4 for Grand Forks, where she will join Mr. Bloom and spend the winter there.

Former Resident Here.
Rev. R. H. Craig of the Dickinson Methodist Episcopal church and formerly pastor of the McCabe church, returned today, after spending a short time in the city calling on friends. The Dickinson congregation is contemplating the erection of a new church edifice and already \$9,000 has been raised towards it. The Dickinson church will entertain the annual conference of that denomination next fall.

To Entertain Class.
Dr. and Mrs. W. J. Hutchesson will entertain the former's class of boys of the McCabe Methodist Episcopal Sunday school Thursday evening, at the parsonage in Sixth street. The class is composed of sixteen boys and a special program of amusements has been arranged for their enjoyment. Last evening Dr. and Mrs. Hutchesson entertained at dinner, Dr. Jack Halgren, Dr. Ackerman, Miss Jennie Mahoney and Miss Emily Anderson of the Bismarck hospital.

Announces Wedding.
Announcement has been made of the marriage of Miss Eva Louise Stenshoel, the third daughter of Mr. and Mrs. Hans Stenshoel of Valley City, and Henry Hoyer Hanson, son of Mr. and Mrs. Peter Hanson of Eames county. Their wedding was an event of Monday, November 27, in the home of the bride's cousin, Rev. Emil Sal-

version, in Barnesville, Minn. Rev. Mr. Salversion performing the ceremony, at 6 o'clock. They were unattended. They will reside near Valley City, on the farm of the groom's father.

Guild Meeting.
St. George's Guild of St. George's Episcopal church will meet Thursday afternoon with Mrs. Fred J. Conklin at her home in Fourth street. Final plans for the food and fancy work sale which will be held in Hoskins Saturday afternoon will be made at that time.

Church Supper Tomorrow.
The bazaar conducted this afternoon by the Ladies' Aid society of the Presbyterian church in the church chapel, was a financial success. Nearly all the articles were sold shortly after the sale opened. Thursday evening from 5 o'clock until 8 the annual chicken pie supper will be served. A splendid menu has been prepared which promises to exceed former suppers. The menu follows:

Chicken Pie
Mashed Potatoes Cabbage Salad
Cranberry Sauce Jelly Rolls
Pickles Celery Brown Bread
Apple and Pumpkin Pie Coffee

Camp Fire Notes.
The Tintapa Camp Fire will hold a ceremonial meeting Friday evening, at 6 o'clock, in the chapel of the Presbyterian church. The ceremonial will be in charge of the Misses Marjorie Webb, Ida Iverson and Theodosia Fitch, and the luncheon in charge of Irene McPhee and Erene Schultz. The camp conducted a fishpond at the Ladies Aid bazaar of the Presbyterian church, held in the chapel this afternoon. Miss Marshall met with the camp. The camp fire division of the McCabe Methodist Episcopal church will meet Friday afternoon in the church basement with Miss Katherine Denford. The group will be divided into two, the younger girls forming one division and the older ones the other.

Women's Club Notes.
Mrs. A. P. Lenhart was hostess yesterday afternoon at her home in Avenue B, to co-mem-bers of the Mothers' club. The club celebrated its annual Christmas meeting and was featured by a Christmas reading by Mrs. W. C. Taylor and a recitation by Master William Lenhart, young son of the hostess. The roll call was responded to by Christmas quotations and the current events were discussed by Mrs. Cecil Burton. During the business session a new treasurer, Mrs. A. Schutt, was elected to serve the next six months, and Mrs. H. P. O'Hare retired as president of the club. The other officers for the next six months will be president, Mrs. Cecil Burton; vice president, Mrs. Robert Dutton, and secretary, Mrs. R. M. Bergeson. The next meeting of the club will be held Monday, Jan. 9, with Mrs. O'Hare. Mrs. John A. Larson was hostess this afternoon to the Current Events club at her home in Sixth street.

To Attend Convention.
Mrs. N. C. Young of Fargo, who heads the North Dakota delegation with Mrs. J. G. Gunderson of Aneta, left Tuesday evening on the special train which is carrying the Minnesota, South Dakota, North Dakota and Iowa anti-suffragists from Minneapolis to Washington, where they will attend the first national convention of that organization. The North Dakota delegation will be joined in Washington by Mrs. H. G. Chaffee of Aneta. The South Dakota delegation will be headed by Mrs. Ethel Jacobson, Mrs. C. E. Estabrook will represent Wisconsin and Mrs. Simon Cassidy and Miss Alice French, Iowa. The Minneapolis party is made up of Mrs. J. B. Gillman, Mrs. Edmund Penington, Mrs. Albert I. Carpenter, Mrs. Alfred Pillsbury, Mrs. C. C. Weber, Mrs. V. H. Van Slyke, Mrs. George C. Bagley, Mrs. Clarence P. Stempel, and Mrs. Louis K. Hull and St. Paul by Mrs. Charles H. Clarke, Mrs. William Davis and Miss Mary Davis.

VISITS BROTHER.
Miss A. M. Diebell has returned from a visit with her brother, Florian Diebell of Washburn.

M'KENZIE VISITOR.
W. L. Watson of McKenzie was among the business visitors at the court house Tuesday.

LIDGERWOOD WANTS FREE EXPRESS SERVICE IN CITY.
Business men of the village of Lidgerwood have two railroads and two express companies, and now they want free express service within the corporate limits. They have petitioned the railroad commission for it, and a hearing will be held in due time.

NOTED WOMAN LECTURER AT AUDITORIUM TONIGHT

Capital City women are entertaining this evening one of the greatest woman lecturers and writers on women's problems of the day, Mrs. Nellie L. McClung, who gives an address this evening, at 8:15, in the Auditorium.

She arrived today on No. 3, from Minneapolis, and was met at the depot by Mrs. E. P. Quinn and Mrs. V.

Mrs. Nellie L. McClung

J. LaRosa, who were instrumental in bringing this noted woman to the city. For over a year negotiations have been under way to secure her services, but owing to the great demand for her lectures this was the first date open for North Dakota.

In Minneapolis Mrs. McClung spoke Monday and Tuesday evenings, to capacity houses in the big Auditorium of that place. She will speak in Fargo Thursday evening and later in Grand Forks.

Mrs. McClung will speak on the problems which affect women of today and will give one of her most famous lectures. The lecture will be free and open to the public. Preceding her address a short musical program will be given.

Johnson's for concert

THIRD STREET GIFT SHOP NEW AMONG CITY'S STORES

Among new firms in Bismarck, the latest to make its appeal to the public is the "Gift Shop," on the Third street side of the Bismarck Bank building. The store also furnishes the elevator entrance to the block.

Wesley R. Cochran, who will be in charge, has announced his formal opening, and he now has on display a preliminary shipment of high grade imported oriental art goods. This line will be largely extended before the holidays.

The Gift Shop will also handle botanical art goods and flowers. From time to time original paintings by well known artists will be exhibited and offered to the public. Specialties will be oriental teas and oriental tea things, lunch cloths and appointments, favors, place cards, etc.

The proprietor is a Bismarck boy, a son of John Cochran. After leaving high school, he took up an agricultural course at Fargo, which has been supplemented with practical experience in horticulture and floriculture.

CITY NEWS

Bismarck, N. D.

MEATS

We are feeding large numbers of cattle, on our different farms, and we have selected a number which are the pick of each of the different herds, for immediate use. These cattle are in prime condition and are being given expert care.

The best of these cattle in this picked herd, are being slaughtered now, and we guarantee this meat to be the best procurable. It will rank with the finest meat shipped from the Chicago packing houses.

We are ready to deliver this meat, and we urge dealers to phone, write or telephone us for prices.

We have set the selling price as low as we possibly can, and we might say that this price is much below the price asked by outside wholesalers.

We are making a specialty of curing meats: bacon, hams, dried beef. All our cured meats are sugar cured, and are the best on the market.

Our lard is absolutely pure, and guaranteed to contain nothing but the purest pork fats.

\$500 Reward

We will pay this amount of money to any person who finds any artificial coloring or anything in our sausage except the purest pork fats.

2-3 of a pound of our lard goes as far as one pound of other lards because of its pure ingredients. Try our sausage, it is made of the best of meats, is absolutely clean and made by experts.

We Have a Large Stock of Groceries

that we had the foresight to buy when prices were not as high as they are now and we can save you money on every sale, when you consider the quality of the goods. Buy here and save money.

SCOOP THE CUB REPORTER

Preparedness for 1920

By "Hop"

Will Wait For Wilson's Advice

Washington, Dec. 6.—Congressional action upon a local piece of legislation will await the recommendation of President Wilson and the cabinet. Such executive recommendations will be based upon reports from various government departments, some of which the president is receiving already.

Anton Giger Dead At Onset

Anton Giger, 66 years old, resident of Morton county since 1909, passed away at his home at Odessa yesterday afternoon at 1 o'clock, from gangrene poisoning.

He was born in Russia, Nov. 5, 1851, and came to this locality in 1909, from the old country. He settled on a claim in the Odessa district, where he had since resided. He leaves to mourn his loss six sons and one daughter, all of whom reside in the Odessa district. Besides his children and the widow, he leaves two sisters, Mrs. Adam Weisheit of this city and Mrs. Jacob Ramey of Richwood.

The funeral will be held tomorrow from the Catholic church at Odessa.

VAN DYKE RESIGNS AS DUTCH MINISTER

Washington, Dec. 6.—The first resignations from the diplomatic corps which are expected to be the forerunners of others as a consequence of President Wilson's reelection and the closing of his first term, were announced today.

Dr. Henry Van Dyke, minister to

The Modern Morality Play

Scene from "Experience" at Auditorium, Dec. 11. One of the season's hits.

the Netherlands, has resigned and probably will be succeeded by John W. Garrett of Baltimore, formerly minister to Argentina.

The resignations of Thaddeus A. Thompson, minister to Colombia, and Wm. H. Hornibrook, minister to Spain, also were announced.

TEACHERAGE FEMININE FOR TEACHER, HER IDEA

North Dakota gradually is becoming accustomed to the "teacherage," and it is clamorous for more and more of them. There remain a few, however, to whom the "teacherage" is a mystery. A young school man who sent in his examination papers this week referred to the teacherage as "a great factor in the community because of her intimacy with the children and her supposed ability in leadership." Evidently she had concluded that a teacherage was a teacher of the feminine gender. Others under the impression that honor of horrors! the term teacherage refers to teachers who have cashed the note and yellow stage. As a matter of fact a teacherage in pedagogy is a paid onager in

the ministry, a place where the shepherd may live and enjoy a certain degree of comfort.

GREATEST HORROR OF GOLD IN THE WORLD'S HISTORY

Washington, Dec. 6.—Gold coin and bullion to the amount of \$2,700,136,979 was held in the United States on Nov. 1, 1916, shows the annual report of the Secretary of the Treasury. It also submitted to congress today.

The secretary makes an earnest recommendation for the extension of another year of the bureau of war risk insurance, which expires by limitation Sept. 2, 1917, is made by the secretary. The bureau had written up to November 17, 1,684 policies covering a total insurance of \$165,256,617, and the surplus of premiums over losses paid amounted to \$2,367,237. The losses to date have aggregated \$1,192,194, from which salvage of \$19,655 has been recovered. The net amount at risk, Nov. 17 was \$146,104,415.

Tribute to Federal Reserve. High tribute is paid in the report to the federal reserve system, without which, McAdoo asserts, our great prosperity could not exist.

Justifiable benefits, the report predicts, will come to the farmer through the federal farm loan act.

Serious defects in the Harrison narcotic (drug) law are noted and remedial legislation suggested.

Against Omnibus Bill. The secretary again expresses the conviction that the omnibus method of constructing public buildings has resulted in the last 25 years in erection of many public buildings in small towns whose importance has not justified the expenditure.

SUPREME COURT

FROM LAMOUR COUNTY.

Heiman R. Sek, Plaintiff and Respondent

vs.

W. W. Miracle, et al., Defendants;

M. W. Miracle, Respondent;

Dodson, Fisher, Brockman company, Appellant.

Syllabus. (1) An executory land contract for the purchase of school lands from the state of North Dakota, although technically speaking, not real property, must, under the provision of Section 300 to 315 Compiled Laws of 1913, be levied upon and sold by a creditor of the vendee as such.

Action to have an assignment of school land contract declared a mortgage and for the foreclosure of the same. Claim of a prior attachment.

Appeal from the district court of Le Mont county. J. A. Coffey, J.

Judgment for Plaintiff.

Defendants, Dodson, Fisher Brockman company, appeal.

Reversed. Opinion of the court by Bruce J.

Davis & Warren of Lamour attorneys for plaintiff and respondent, M. W. Miracle.

Henry G. Middaugh and Rollo F.

Hunt, of Devils Lake, attorneys for defendant and appellant, Dodson, Fisher, Brockman Company.

ANOTHER FAMOUS CUB MACHINE COO R-E-L-A-S-E-D

Chicago, Dec. 6.—With the unconditional release of Mordecai Brown, the three pitching marvel, another of the famous old Cub machine that swept everything before it has passed. In his prime Brown was one of baseball's greatest hurlers and was as much beloved by fans as Christy Mathewson. President Weesman of the Cubs made Brown's release unconditional, leaving him free to go where he chooses. While regretting the necessity of releasing Brown, Weesman explained today that it is necessary to make a change in the pitching staff in order to give fans here a pennant winning team next season.

With the exceptions of two seasons,

Indian residents of the Elbowoods section of Fort Berthold reservation Cyrus Barratt and Roaming Fox, both of whom are enterprising stockmen who are enjoying their share of the general good times. While at the capitol yesterday, Barratt and Roaming Fox who was accompanied by his step-son, Thomas White Owl, a student at the Bismarck Indian school, visited Curator Gilmore of the historical museum and showed him how the Arickaras spin their whip tops. The doctor procured a good photograph of the braves in the act.

FORMER STATESMAN HERE.

B. V. Moore, secretary of the Dakota Trust Co. of Fargo and a former member of the legislature, called upon the railroad commission and the board of control Tuesday.

SHINOLA

For All the Family

There are few things you can buy for the same money that will be of greater practical benefit or be more appreciated than a

SHINOLA HOME SHI

For no. 3, Once, Auto-mobile or traveling kit

The genuine bristle dauber and lamb's wool polisher in a neat box makes a most acceptable, yet inexpensive gift for anyone.

Makes the care of shoes easy

Shinola is made of wax and oils; is good for shoes; sheds moisture; won't rub off or soil garments in wet-weather.

The handy, key-opening box prevents broken nails and soiled fingers. Each box good for over 50 shins! A few strokes produce a brilliant, lasting shine.

Teach children neatness and economy. Habits of thrift practiced now will assure independence and self-reliance later.

UNIFORMITY IN ACCOUNTING TO BE GIVEN BOOST

State Auditor-Elect Kositzky Relieves Plan Will Save State Much Money APPROVES SYSTEM NOW IN OPERATION IN OLD IOWA

State auditor-elect Carl R. Kositzky is home from a tour of investigation of sister states, more than ever firmly convinced that North Dakota must adopt a uniform system of accounting for its county officials. While away, the next state auditor looked into the plans in vogue in Minnesota, Iowa, Nebraska and South Dakota, and he returns prepared to urge the adoption in North Dakota of the system employed in Iowa.

Too Many Cooks. There are too many cooks in the North Dakota accounting problem, says Mr. Kositzky. "Here," stated the next state auditor, "we have four bodies the tax commission, the state bank examiner, the executive and the state auditor, each of which recommends to county officials its own plan of accounting. As a result, there are in North Dakota 32 different systems now in use."

Iowa Law Best. "The best law on uniform state accounting which I found is in Iowa, where they have succeeded in establishing, under J. F. Wall, in charge of the examining department of the state auditor's office, a system which is simple, practicable and workable. The legislature there first appropriated \$50,000 for the creation of a uniform system of accounting. After the money had all been spent, Iowa found itself as far from the goal as ever, for the people who recommended the system first adopted were expert accountants; they put in a complicated commercial system, which only experts could understand. It proved a complete failure. Then the legislature created an accounting commission composed of various county officials, who got together and endeavored to

agree on a system. This was not a success.

Examiner Supplies Plan. "Two years ago the legislature once more went into the problem and enacted a law empowering the state examiner to install a uniform system of accounting and provided heavy penalties for any state official's failure to adopt it. The examiner called in all of the county officials, at the expense of the state and listened to their views. Then there was worked out the plan which has now been in use nearly two years."

Money Saved. "Under this uniform system, when a county official needs books he is not obliged to draw up his own plan and have it specially printed at a heavy expense, but he will find in stock in his own stationery store or printing office the book he wants. Where the offices formerly paid as high as \$40 and \$60 for complicated blank books, they may now be obtained in quantities at \$12 to \$15. The state examiner is also saving a lot of unnecessary expense and time in checking up the various officials."

To Draw Up Bill. Mr. Kositzky, who has been working on this problem for eight years, feels that in the Iowa plan he has found a solution, and he will draw up a bill providing for the adoption of a similar plan in North Dakota. The bill will also provide for a more uniform system of reports from county officials to the state auditor, and a better plan for making collections of state and other taxes.

"I find that in Iowa they keep a close check on collections," said Mr. Kositzky, "to determine whether county officials are reporting correctly. Since the adoption of this system, Iowa has found a difference of more than \$100,000 in one year alone. This variance was due to the improper segregation of funds, which a careful monthly check would prevent."

MANY INSPECTIONS INSURE STUDEBAKER ACCURACY

Modern Methods Employed by Studebaker Reduce Cost and Eliminate Waste

That the manufacture of automobiles has been revolutionized is now an acknowledged and generally known fact and nowhere are the changed methods more in evidence than in the system of inspection which is employed by some of the industry's largest producers.

The biggest benefit of the thorough inspection methods in vogue at the great Studebaker factories is that they eliminate waste, or, to put it another way, they permit of greater manufacturing economies.

In the earlier stages of automobile manufacturing, for instance, the scrap heaps at the various factories contained many parts in an advanced stage of construction. In other words, there was no inspection of these parts in the earlier stages, which enabled a defective part to go from one department to another, while manufacturing costs mounted, only to have the finished part discarded in the final stage.

By contrast with this inefficient method, the system employed at the Studebaker plants, consisting of many inspections, insures accuracy and saves manufacturing costs by preventing parts that fail to measure up to specifications from passing a single operation.

NOVEL SAVINGS CAMPAIGN ON

The First National bank has introduced the Christmas Banking club system and will have a special department for this new savings idea, which is meeting with such tremendous success wherever installed.

"Always keeping the interests of their patrons and prospective patrons in mind, the management of the bank decided upon this plan as a good way in which to teach the children of the Capital City, as well as its older residents, a splendid way to save money. Anyone may join the club, from the father and mother to the baby, as the clubs have been arranged from the one cent deposit to \$5 or more."

The one cent club will total at the end of the year \$12.75, the amount paid in, increasing one cent each week. The other clubs will include the two-cent five-cent, 10-cent, 50-cent, \$1, \$5, and the X club. Four per cent interest will be paid on all deposits made in the club.

HUSKS FOR HOT TAMALES OFFER FARMER A CHANCE

Time was when corn husks were appreciated as appropriate stuffing for tamales. Now it is felt they are too noisy, too well inclined to wake up unwelcome lodgers to renew their feast, and shoddy and other questionable materials have taken their place in the family huskwood.

But, the lowly corn-husk is not to be ignored.

The Capital City Commercial club has just received a letter from a large hot tamale foundry in San Francisco containing a query for virtuous, uncontaminated corn-husks which may be used as wrappers for tamales. The husks must be white, not too large, and comparatively free from specks. For such husks, in carload lots, the tamale factory will pay a very good price, f. o. b. Bismarck.

The Bismarck Commercial club awaits advice from farmers anywhere in North Dakota who have saved their corn husks and who regard them as suitable for tamale wrapping. Even though this market may mean nothing this year, the Commercial club intends to investigate, with a view to determining whether it may not profit farmers next fall to preserve the inner, clean, white husks for sale to this tamale concern, or to others.

Ladies, if you want to see something to your advantage, come in and see the Oxo-Gas producer at work. It will do anything coal or wood will do. As clean as electricity. One door south of Palladium on Fifth street.

PAYING COMPLETE FOR THIS YEAR

Superintendent French Closed Operations Here Sunday Afternoon, 1916-1917

Completing paying operations in the northwest on the third day of December might sound strange to the skeptical, but to Superintendent French it meant a big task accomplished in

face of many obstacles which many paying companies would not have contracted for any of weather conditions. To the city of Bismarck it meant that the first chapter in its building program had been written.

Work Started September 29. Concrete work started under the supervision of Mr. French on September 29 of this year. The top work was completed late Sunday afternoon. Twenty-five thousand yards, or practically thirteen and one-half blocks were paved during that time two months and four days. It marked a record for paving in the northwest for this time of the year and considering the shortage of labor.

Superintendent French directed a piece of work which, it is believed, in

years will give satisfaction to the property owners of the city. It's the first city paving done in Bismarck.

French Prepares to Leave. At the temporary offices of Hanton & Olsen on west Broadway, Superintendent French was this afternoon packing up his paraphernalia for shipment to the head office of the firm in Minneapolis. The other office is located in Sioux City, Ia. French leaves tonight for Veolia, where he will look into a sewer contract.

The World's Largest Manufacturers of Fine Cars

THE NEW SERIES 18 CARS

With Seven New and Exclusive Features

THE DAY OF HIGH PRICES FOR FINE CARS HAS PASSED

STUDEBAKER NEW SERIES 18 CARS, with seven new, special and exclusive improvements are FINE CARS, warranted by us to completely satisfy the most particular and fastidious persons. We believe these cars represent the greatest automobile values ever offered to the buying public, and that persons accustomed to paying \$2,000 or \$3,000 for cars will, upon examination, concede that these Studebakers equal ANY such cars in quality of material, design, workmanship and finish, and also concede the truth of our statement that THE DAY OF HIGH PRICES FOR FINE CARS HAS PASSED.

Studebaker has centered its great resources and experience on One BASIC DESIGN, with all parts interchangeable for both the FOUR and SIX, except the motor. One equipment of machinery, tools, character of manufacturing operations and quality of material suffices for both models.

No revolutionary changes have been made in the basic Studebaker design for four years. The same group of EMINENT ENGINEERS AND DESIGNERS are responsible for the evolution of the new Series 18 models, yet the many improvements and refinements adopted as the result of our experience have made these new models decidedly the best cars we have ever produced. They are sold with our guarantee of prompt and efficient service and the replacement without charge for defective parts, if any are developed, within one year from date of sale. We guarantee our cars to give absolute satisfaction, provided they receive the care a highly developed piece of machinery should receive.

The Series 18 cars are leaders in the industry, history makers, which put Studebaker in the lead with new and greater values at popular prices. Studebaker has led the way in nearly every forward step in automobile construction in which the owner profited. STUDEBAKER WAS THE FIRST

- to produce six-cylinder car selling for less than \$2000;
- to produce a 50 horse power car selling for less than \$2000;
- to produce a seven-passenger car selling for less than \$1000;
- to establish a uniform, international service system for owners;
- to produce the now popular crowned fenders;

and finally, Studebaker was the first manufacturer of FINE CARS to offer its product at medium prices, thus leading the way to greater values and compelling other manufacturers to increase values and reduce prices.

Studebaker has \$18,000,000 invested in the most efficient and modern plants in which it manufactures all of its engines, axles, transmissions, differentials, bodies and tops. Middlemen's profits (parts makers) included in the price of assembled cars and small manufacturers' cars are almost entirely eliminated in Studebaker selling prices. It is necessary to pay from 50 per cent to 100 per cent more than Studebaker prices for cars of corresponding value.

Seven New Improvements & Additions

GUN-METAL FINISH Original, rich and exclusive finish of deep lustre and permanency, applied in TWENTY-FIVE OPERATIONS. No finer finish is possible than that of the Series 18 Cars. A permanent body finish depends largely on the slow and careful building up of the different coats of color and varnish the Studebaker way. Fenders and aprons are rich, black enamel.

NFW AUXILIARY CHAIRS Arm chairs, original and exclusive with Studebaker, patent applied for. These large, roomy and comfortable chairs fold up and slide under the rear seat when not in use. They dispense with the unsightly recesses in the tonneau floor and with slit carpets, commonly used in other cars. When these chairs are underneath the back seat the Studebaker is a roomy, beautiful FIVE-PASSENGER CAR instead of the regular seven-passenger car.

REVERSIBLE FRONT SEAT. Original and exclusive with Studebaker, the front passenger seat is reversible so that passenger can sit facing tonneau or facing forward. Both front seats are covered with leather, have large and handsome robe strap, and are adjustable to all leg lengths. No more comfortable seats are found in any car, regardless of price.

NEW STORM CURTAINS. Of the recent Blackmore design and patent, opening with the doors and thereby preventing crouching and crushed hats. Studebaker, we believe, is the first to offer this improvement as standard equipment.

IMPROVED BODY AND UPHOLSTERY. The body is elegantly finished and equipped inside and out. The handsome foot rail, wide scuff plates, wide doors, handsome door trim, carpeting, etc., all demonstrate quality and refinement. The upholstery is semi-glazed, straight-grained, genuine leather, made to special Studebaker form, with the best curled hair and long coiled springs. Tonneau carpet all wool, bound with leather instead of cheap, raveling thread-stitch. The top is made of the finest grade silk mohair, bound with leather edging, a feature found on few cars at any price. The body materials, upholstery and workmanship of the Studebaker cars are unsurpassed, and the interior finish and detail of the bodies are LUXURIOUS and COMFORTABLE.

VALVE SWITCH LOCK. Of pin tumbler type, Studebaker design, insuring convenient and safe protection against theft or unauthorized use of the car.

NEW WINIFR TOP made exclusively for Studebaker cars. Noiseless. Quickly and easily put on or taken off, and fitting perfectly.

Mechanical Improvements

Improvements have been made in the Series 18 Motor, insuring greater smoothness, flexibility, quietness and economy. All noticeable vibration has been eliminated by superior piston design and the stiffening of the motor frame.

The Studebaker-Schebler carburetion system has been developed so that both the FOUR and SIX are the most ECONOMICAT motors on the market in ratio to power.

Studebaker lubrication has been further improved. The system is positive and eliminates all lubrication troubles. Waste through the exhaust is overcome and practically no surplus oil reaches the combustion chamber to burn and form carbon.

The chassis frame is the same strong light construction which has characterized all Studebaker cars. The perfection of our chassis design is convincingly proven by satisfaction given in over 285,000 Studebakers produced and sold.

The full-floating rear axle construction remains the same in principle as heretofore, but has been further improved and strengthened. This type of axle is used by practically all leading manufacturers, thereby proving its mechanical superiority.

The best quality of steel and alloy is used throughout. Every gear is of CHROME NICKEL STEEL, specially cut by Studebaker.

In the differential, which has four bevel gears, Linken bearings are used throughout. Only eleven of the three hundred different cars on the market use as many Linken bearings as Studebaker, and the average price of these cars is \$2,000.

The Wagner Lighting and Starting System is individual to Studebaker cars and has been further improved by increasing the cranking power 12 per cent.

The Willard Storage Battery is absolute assurance against ignition, lighting and starting failure. Studebaker uses a 100 AMPERE hour battery.

The Four-Cylinder Car Still Remains a 7-Passenger 40 Horse Power Car
The Six-Cylinder Car Still Remains a 7-Passenger 50 Horse Power Car
